

OPERATORS WANT EIGHT HOUR LAW

Deputation from the South in the City Today to try to Head off Bill Being Brought Into the Legislature by Marcellus of Pincher Creek—Claim That Legislation Should Await Investigation.

An influential deputation representing the coal industry in the southern part of the province, arrived in the city yesterday afternoon to meet the Alberta government to the eight hour law. The deputation included Messrs. P. L. Mainthorpe of Lethbridge, O. F. Whitestone of Blairmore, W. F. Little of Camrose, S. M. Moore of Frank, and H. N. Galar of Coleman. The purpose of the deputation is to head off the bill respecting an eight hour law, which Mr. Marcellus, now in charge for Pincher Creek, has given notice that he intends to introduce. The bill is set down on the order paper for today. The position taken by the deputation is that the bill is not necessary for the coal industry, and that it is not necessary to pass it until the government has conducted an investigation into the differences that exist between the coal miners and operators. Mr. Little said the mine owners carried the fullest investigations and thought the miners would do as well if their contentions and case were founded upon the facts already known.

GIBBONS' NOTES NOT YET SIGNED

Technical Hitch in Title Delays the Transfer of the New Water Works Site—Aldermen Will go on Paper for \$25,625 to Make Good the City's Option.

The option on the Gibbons property expires at midnight tonight, but the notes to be given by the council for the purchase of the property have not yet been signed. There is a slight hitch existing over the title to the property, merely a technicality, and this is to be straightened out before the land is taken over by the city. Notification of acceptance of the option has been given, however, and the property is thus secured to the city.

The report of Charles E. Taylor, who had the boring operations in charge, shows that at a depth of 19 feet, 3 feet of soft coal was encountered, but its use is not considered practicable. At a depth of 30 to 32 feet two and a half feet of coal was found and after a parting of two and a half feet of greenish gray sand shale three and a half feet more of coal was discovered.

Coal mining experts who have seen the sand parting believe it to be of local occurrence. They think that further drilling will demonstrate a solid seam.

The only other coal seam met with was at 49 feet 8 inches, and at this depth a seam was struck. This was not considered of value. There is a deposit of fire clay only the coal and the coal, next to which there is 16 feet of hard sandstone below.

The commissioners have decided to stick another boring shaft and its location will be decided upon in a day or two. There is every indication of a thicker seam higher up on the property and the importance of this will be ascertained by a second hole to be sunk immediately.

In recommending the purchase of the 200 acres at a cost of \$125 an acre, or \$25,000 for the entire property, the commissioners pointed out its advantages for a pumping plant and an ice plant absolutely free from pollution. Though the parting of shale is a considerable element against the coal seam still even with this drawback the commissioners think the coal can be mined and delivered at the power house in view of a saving over the present coal supply such as will pay interest and sinking fund on the entire plant.

DUSKY DIAMONDS COME VERY HIGH

North Dakotans Had to Have Their Shipped in by Express From Duluth—Got 500 Pounds to Avoid Famine—Came High but They had to Have It.

St. Paul, Minn., Feb. 14.—M. Green, of Bettinewau, and Alexander Green, of Willow City, N.D., who produce the coal known as "black diamonds" as applied to coal, is by no means a misnomer. Running short of fuel during the fuel famine which afflicted the northern part of the State of Dakota, and being unable to secure any in the vicinity, they each ordered 500 pounds to be shipped by express from the best of the lakes. The North Land Coal Co. of Duluth, filled the order and it is estimated that the coal cost, from the Green's at the rate of \$56 a ton.

ANOTHER LAURIER NOMINATED.

Second Cousin of Premier Will Contest Assumption for Commence.

Montreal, Feb. 14.—Dr. E. J. Laurier, second cousin of the late Sir Wilfrid Laurier, has been today chosen by the Liberals of the Assumption for the seat in the House of Commons, vacated by the death of Sir Wilfrid. The candidate is a second cousin of the premier.

LETHBRIDGE REALTY JUMPS

Forty Acres of Market Garden Adjacent to Townsite Sold for \$100,000.—To Be Subdivided and Sold as City Lots—Calgary Parties Make the Purchase.

Lethbridge, Feb. 14.—Two important deals in Lethbridge acreage property were made last night. The first involved a subdivision consisting of thirty acres, just east of the fair grounds, which R. F. Kieve, manager of the Bank of Montreal, and L. M. Evans, irrigation superintendent of the A. R. & I. Co., have sold to Douglas A. White, of Calgary. The deal was put through this morning by Norman MacLeod. The property, which has been used for market garden, and is to all intents and purposes to be subdivided and put upon the market shortly.

The other deal has just been brought to a head, and involves forty acres in the same locality, which has been acquired by a syndicate of local capitalists, including the United States and Canada can during the remainder of this year's crop and the coming one, supply this deficiency. The outlook for the Canadian Northern farmers under the circumstances is the most promising for years.

Vegreville Wants Gov't. Telephones

A deputation from the town of Vegreville is in the city today to urge upon the government of the province to put in a telephone exchange in that town.

The deputation includes Mayor Clements, Secretary Treasurer F. A. Morrison, Mr. Walker and others. Among the aims of the deputation is the town asked the government to establish a rural line from Vegreville to St. Paul de Metis. The government is also asked to consider the establishment of a private company composed of members of the board of trade here undertaken to construct the line and the poles are already on the ground. With a view to extending the line into the territory south of Vegreville the citizens desire an exchange and are asking that the government put in fifty phones.

HOME RULE AT LAST.

London, Feb. 14.—In the debate on the address in reply to the speech from the throne in the House of Commons today Walter Hume Long, at the request of the secretary for Ireland, raised the Irish question and Augustine Birrell, the present chief secretary, replied that he, like Premier Campbell-Bannerman, perfectly satisfied that the only solution satisfactory to the great majority of the Irish people was what is generally called the home rule bill, and that neither he nor the premier would assume the responsibility for any measure which would not be the result of the fulfillment of these hopes. This statement was greeted with loud nationalist and nationalist cheers.

IN A LOCAL OPTIC TOWN.

Drunken Farmer Piles Boy With Liquor With Disastrous Results.

Green Mount, Ont., Feb. 13.—With the temperature at 32 below zero, Joe Quinlan, an aged 12 year old, outside of a farm barn last night with the result that he is now in the general hospital with a broken leg. It is alleged that if he survives the terrible effect of his experience he will lose both his feet. The boy was driving home with a farmer, the worse of liquor, and from the boy's story it would appear that the boy was forced to imitate the liquid until he was out of the sleigh. His companion was too drunk to miss the lad and the little fellow walked to a barn and lay down outside, being afraid to go to the house in his intoxicated condition. When daylight came the boy was discovered, but on finding that he was outside, the farmer was found to be frozen solid to the ankles.

CALGARY TO BUILD NEW CITY HALL

Ratepayers Will be Asked to Vote \$150,000—Minister of Public Works Promises Grant for Bridge to Riverside.

Calgary, Feb. 13.—At a meeting of the city council last night the proposal to build a new city hall was adopted. The city hall will be a five-story building, and the site for it will be located on the river front, between the river and the city hall. The matter will be placed before the people who will be asked to vote upon a proposition to build a new city hall upon the present site at a cost of \$150,000.

Mr. W. H. Cushing states that while the estimates would contain an item for a new bridge crossing to Riverside to replace the old one. It would be remembered that at a recent meeting of the council a letter was read from Mr. Cushing asking that the government was prepared to build this bridge. Mr. Cushing stated that the bridge would be a complete one and would probably cost about \$20,000.

THE LEGISLATURE

The proceedings in the legislature yesterday were brief and exceedingly formal. The order paper was of considerable length, but was despatched with speed.

The petitions will be presented in the morning at the estimation of the corporation limit of that city. Apparently, the petition of Mr. Riley (Gleichen) presented the petition of H. Strong and several others, and the petition of the herdsmen among Calgary's hundred thousand.

Mr. Riley also presented the petition of Phil Roy and others asking for the incorporation of the Kneehill Railway company.

Mr. Cushing (Victoria), petition with respect to the town of Fort Macleod was read and received and approved by the committee on standing orders. The bill to effect the petition was introduced and read a first time.

Under the last of motions the attorney-general gave notice that on Wednesday next he will introduce a bill to incorporate the Life Insurance Association of Alberta.

PUBLIC BILLS

Mr. Cushing introduced a bill under the title for the first time. The first was a bill respecting local improvements which will come before the council on Wednesday. The second bill is one respecting villages, and set down for its second reading on Wednesday.

Mr. Cushing also introduced a bill to validate and confirm certain bylaws of the city of Calgary. The bill passed the first reading.

BILLS FOR SECOND READING

The following bills were advanced by the second reading and referred to the appropriate committees: A bill respecting the Kneehill Coal Co. was introduced by Mr. Cushing. The bill is in charge of Mr. Riley.

The bill respecting the Grand Lodge of Alberta was introduced by Mr. Cushing. The bill is in charge of Mr. Riley.

WOULD STAMPEDE MANITOBA

House Programmed Yesterday Afternoon and the Legislature Will Probably be Dissolved This Week—Polling Early in March.

Winnipeg, Feb. 13.—Liberals throughout the province may take it as a certainty that the legislature will be dissolved this week and that the province will be made returnable at the earliest possible moment. This will bring the elections during the first half of March. The government's position has been the chief factor in bringing Mr. Roblin to Mr. Roblin's position. The government's position has been the chief factor in bringing Mr. Roblin to Mr. Roblin's position.

Mr. Roblin, a six year man serving sentence for burglary committed in Calgary, made a break for liberty at 4.15 yesterday afternoon and gave a few moments of intense excitement in the locality of the provincial penitentiary. Neil was captured within the hour and brought back to the penitentiary where it is presumed, he is repenting the fact that he did not make good his escape.

Neil showed considerable ingenuity in making his break. He, along with several other prisoners, was employed on the construction of the new wing to the penitentiary.

His particular occupation was that of plasterer. At some time or other during the last few days he secured possession of some of the carpenter's tools and used them to make a hole through the roof and climbed out, sliding down and dropping off into a snow bank.

The first man to notice him was one of the outside guards, Davis, who was at his post in the guard stand. Davis called on Neil to halt, but the prisoner kept on running and Davis fired at his legs.

The shot struck in the chamber of his rifle and he was unable to fire again. The shot started Cummings, who was outside guard, and he fired three shots. In the meantime the Mounted Police were notified by telephone, and in addition of ten minutes from the time of call were on the track, mounted and ready to take up the chase. As the snow was deep in the woods, making travelling hard and leaving an unmistakable trail, Neil never had a chance to escape. He was overtaken and surrounded close to the Horse and Osborne coal shaft and compelled to throw up his hands. Within the hour he was back again in his cell.

Neil is not by any means a desperate character. He was brought up from Calgary in November, 1905, to serve a six year sentence for having broken into a hardware store there, and is here heretofore has been excellent.

EXPERIMENTAL FOR ROSEBORN

Hon. Sidney Fisher Listens to Delegation and Promises Consideration of Their Request for a Farm There—Indian Reserve North of Town May be Thrown Open.

Roseborn, Sask., Feb. 14.—The Roseborn deputation to Ottawa returned last night. The deputation was led by Mr. Fisher, minister of agriculture. Hon. Frank Oliver, minister of interior, and Mr. C. D. Ross, minister of public works, were also present.

The deputation will be presented in the morning at the estimation of the corporation limit of that city. Apparently, the petition of Mr. Riley (Gleichen) presented the petition of H. Strong and several others, and the petition of the herdsmen among Calgary's hundred thousand.

MONOPOLY CLIMBING DOWN

Commissioner King Asks Bell People Pertinent Questions to Which They Now Reply That Girls in Toronto Central had a Grievance—Medical Testimony is Against the Company.

Toronto, Feb. 13.—At the instigation of Chairman King, matters before the royal commission concerning the Bell Telephone Company were decided upon new turn which promises to bring proceedings to a close in a more abrupt manner than had been anticipated. Mr. King submitted a series of written questions to the company and after several hours delay received written replies. In these replies the company lawyers said that from the evidence submitted it appeared that operators had not been fully acquainted with the duties of the company and that the company had not been fully acquainted with the duties of the company.

During January there were five motors installed, as follows: Cushing Bros., L. H. horse power for the Cushing Bros. L. H. horse power; Edmonton Printing and Publishing Co., 3 horse power; J. H. Morrison for turning lathe, etc. 3 horse power; A. MacDonald, Co. for electric elevator, 3 horse power.

Through the agency of Mr. B. B. Whyte & Co., lot No. 9, block 4 (Whyte avenue) was purchased last week by Mr. J. J. McKenzie and Mr. A. Benson. The business of the Great West Saddlery Co. and the Ladies Outfitter shop known as Haffs are situated on the property. It is stated the price paid was in the neighborhood of \$10,000. A year ago the same property was sold for about \$5,000.

OPTION FOR TOWN HALL SITE.

An important announcement of the options secured for the new city hall site in Strathcona was made last night by Councilor Elliott, chairman of the town hall committee. He intimated that three options had been secured in block 15, facing west. This is the block in which the present fire hall is situated. The three options are: the Catholic church, parsonage and Dr. Craig's residence. The options are:—Catholic church, parsonage and Dr. Craig's residence. THE EARLY CLOSING BYLAW.

The by-law and license committee of the Strathcona town council have recommended the repeal of the recent early closing by-law. The law has worked satisfactorily except in the case of a number of the smaller dealers who want to keep their places of business open at night to accommodate Edmonton laborers who do not turn after 6:30 p.m. and farmers who come late in the day to town. This view was put out by Messrs. Baze and Wenzel at the council meeting Tuesday night and after some discussion the report was referred back to the committee for further consideration.

THE NEW HOSPITAL.

The hospital committee who have been conferring the new hospital location, have recommended that the building be two stories high, with basement, basement to be brick trimmed with cement blocks or stone. They further recommend that there be not more than 60 beds and that the cost be not more than \$45,000.

WESTERN ITEMS.

Regina Leader: Last night a C. N. R. train which left for the north, took with it a mail car containing something like three hundred bags of mail and parcels. The mail car was loaded with the various county postmasters fairly humming for a few hours after their lengthy enforced idleness. The mail has been kept sorted here as it came in by the mail clerks, so that despite the large amount of mail to be handled the clerks were able to deal with it fairly expeditiously.

Raymond Chronicle: Reports to the effect that the Knight Sugar Co. has just heavily in cattle are greatly appreciated.

Moore Jay Times: Mrs. B. L. T. Harrison, manager of the Royal Bank, since its opening in Moose Jaw, has resigned his position and severed his connection with the bank to accept a position as superintendent with the annuity company of Canada.

BOARD OF TRADE.

The annual meeting of the board of trade will take place on Thursday Feb. 14 in the city hall. It is expected that the special committee of the board appointed some time ago will have a very satisfactory report to present to the board on the question of local markets. Some important items have been made with Edmonton flour to compare it with the best imported brands and it is said the results are extremely satisfactory and will give Edmonton wheat the premier place as is already given to Edmonton oats.

TOWN COUNCIL.

There was the largest attendance of spectators of the town council Tuesday night. A number were made up of delegates to municipal stores, the municipal body and others were present out of mere curiosity. The first item of business was the reading of minutes of last two sessions which were adopted.

J. W. Hale of the Edmonton Cattle Co. was granted permission to close Rennie's grade for a day to take a down boiler. Jeremiah Daly and Robt. McKenzie spoke on several matters that had come to their notice and Messrs. Hunter and Wenzel called on the city closing by-law be repealed.

Communications followed.

Francis W. Hobson, Engineer at the light and power house, tendered his resignation to take effect at the end of the month. It was referred to the light and fire committee to make any arrangements.

Wood-Gundy & Co., Toronto, offered to place the design for the town in the most advantageous market.

The letter was handed over to the Finance committee.

Communications from the Canadian Rubber Co., Winnipeg regarding an order from the town; from the Canadian General Electric Co. asking for a remittance and from several other firms on minor matters were ordered to be filed.

The by-law and license committee.

The by-law and license committee of the town council have recommended the repeal of the recent early closing by-law. The law has worked satisfactorily except in the case of a number of the smaller dealers who want to keep their places of business open at night to accommodate Edmonton laborers who do not turn after 6:30 p.m. and farmers who come late in the day to town. This view was put out by Messrs. Baze and Wenzel at the council meeting Tuesday night and after some discussion the report was referred back to the committee for further consideration.

With reference to Riping being allowed to remain on the streets as a nuisance the police were instructed to enforce the by-law, under the instructions of the committee.

The initiative agreement with reference to telephone franchise was read and then left over till after the public meeting.

Regina Leader: Last night a C. N. R. train which left for the north, took with it a mail car containing something like three hundred bags of mail and parcels. The mail car was loaded with the various county postmasters fairly humming for a few hours after their lengthy enforced idleness. The mail has been kept sorted here as it came in by the mail clerks, so that despite the large amount of mail to be handled the clerks were able to deal with it fairly expeditiously.

Raymond Chronicle: Reports to the effect that the Knight Sugar Co. has just heavily in cattle are greatly appreciated.

Moore Jay Times: Mrs. B. L. T. Harrison, manager of the Royal Bank, since its opening in Moose Jaw, has resigned his position and severed his connection with the bank to accept a position as superintendent with the annuity company of Canada.

Bell Pianos

THE AUTONOLA

The number of Bell Player Pianos that are being purchased is only limited by the ability of the factory to meet the demand. This wonderful instrument is a revelation to lovers of piano music to people who had never thought to be able to play for themselves. With the Bell Player Piano anybody without the ability to play for himself can produce music of the highest artistic character. The owner of a Bell Player Piano has at command the best reproductions of the centuries—can play at will classical, popular, vocal, dance music in a way that is at once satisfying and musically correct. All that is necessary is to introduce the desired music-roll, place the feet upon the treadles, the fingers upon the controlling levers, and begin playing. The Bell Player Piano can not only be played with the aid of treadles and music-roll, but it can be converted instantly into a regular piano for playing by hand. The music-roll box can be closed and the treadles concealed within the case; the piano is then like an ordinary instrument and can be played manually like any other piano. Thus, the Bell Player Piano is virtually two pianos in one. We shall be pleased to demonstrate the qualities of our instruments to anyone, whether contemplating the purchase of an instrument or not. FROM DAY TO DAY

A MARRIED VALENTINE.

Were womankind like you, my dear—
 Were womankind like you, my dear—
 O'neath them'd be, I greatly fear,
 For Valentine to do,
 Since every swain upon the sphere
 Would spring at word to woo.

But now, 'tis said, the summer fall
 On hearts where love is dry;
 The custom swain has lost its thrill—
 And this, I venture, why?
 Of such as you I conceived all
 The visible supply.

HIS TROUBLES

Mr. Armand Lavergne, member for Montmagny, took the opportunity a few days since to inform the House of Commons and whoever else it might concern, that he was at odds with the government. The announcement was scarcely important enough or new enough to merit the attention it has received from the Conservative press. Since the member for Montmagny appeared in the by-election in support of an opponent of the government, the country has been laboring under no painful uncertainty as to what were the relations and sentiments of that gentleman toward the government. By way of settling the uncertainty that may have existed and establishing the grounds of his disagreement Mr. Lavergne recounted the instances on which he had opposed the government. These were four in number. The first was the North-West rebel question when he considered that Mr. Bourassa and himself alone represented the constitutional rights of the minority. The second was regarding the immigration policy of the government, which he considered did not secure the quality of settlers he desired; the third was on the Sunday bill which he considered "the most unfair measure" ever passed by the House and undermining the liberty of the citizen; the fourth was on the question of whether or not the revised statutes should be published in the French language. This should make clear enough the degree of responsibility which the government bears for the nationalistic propaganda carried on by Mr. Lavergne and Mr. Bourassa.

THE KIRCHOFFER LEASE

A return was presented to the House yesterday by the minister of the interior regarding the proposed lease of Manitoba swampy lands to Senator Kirchoffer as a duck shooting preserve.

Among the papers were the letters of application for the lease in which the applicant advances as a reason why the lease should be granted the fact that he had secured a lease for similar lands from the Manitoba government and had also been allowed to purchase certain of the lands at \$1 per acre. The propositions of the senator are two: First that the land be turned over to Manitoba where he would have no trouble in leasing it from the provincial government; and second, that the land be leased to him direct by the Dominion government.

An order in council was gazetted granting the lease, but on representations being made that this would not be in the public interest the order was withdrawn and the lease was not granted. Premier Roblin announced that he has followed suit and cancelled the senator's lease obtained from the province though he said nothing about the possibility or desirability of recovering the lands sold to the senator.

The Conservative press of Manitoba of course, found nothing wrong with the lease granted by the Manitoba government, but took the war path when the Dominion government proposed to follow Mr. Roblin's precedent. In the discussion, however, the fact that Premier Roblin had made such lease known to the public with the result that the lease had to be cancelled. Another incidental result also was that the Conservative press of Manitoba found themselves condemning a proposal which had as precedent the largesse of the Roblin government. Under the circumstances the Conservative press experienced a sudden loss of interest in the shooting preserve of Senator Kirchoffer.

THE TELEPHONE LISTERS

Murder will out. The strike of the telephone girls in Toronto may have been an inconvenience to the girls, but it has caused expenses that it does more to convince the public and establish public opinion on the question of public ownership of telephones than years of persistent education and dissemination of literature. The public authorities have been ignorant of the system of espionage maintained by the management of the Bell Telephone Company. Now it transpires that the company has an officer, called a listener, to determine if subscribers are using their phones for business or social purposes. A case, it is said, has been found where the listener was employed to spy upon a phone where there was no doubt about the nature which the phone was used. Such a state of affairs is extremely serious and marks the limits of presumption of

the company, and illustrates in a very direct way the conscientious methods of corporations generally. This charge, if proven, will hasten the end of private telephone companies. The public mind will, by such tactics as these, soon be as pronounced for government ownership in the matter of telephones as they are today in the matter of the postal service. Public opinion could not tolerate for a day a private company operating the postal service who might open their letters and record the contents. There is no doubt that the exposure of such a contemptible system of espionage will henceforth insure the utility of the telephone business under private management. It is urged in defense by the company that the practice is to prevent the use of the telephone for questionable purposes, but the men who use such questionable tactics are not likely to be actuated by any high moral motives or to manifest any laudable activity in preventing wrong for the good of the community. Such practices, taken into consideration with the demoralizing effect upon the employees engaged in spying, cannot be too closely scrutinized and severely condemned. The sacredness and inviolability of speech is a privilege the public will never permit to be infringed. The people of Alberta are to be congratulated that the provincial government is taking such steps as to give the province a complete system of publicly owned telephones.

NOTES AND COMMENT

Recent events have proved Japan's policy too Pacific.

The ethics of corporate management have been thrown pretty well into the limelight during the last twelve months, and the revelations show that the corporations have just about swallowed the law and the gospel.

The Bell telephone girls in Toronto are forced to work an additional 7½ hours per month at three and one-half cents per hour. Bob Edwards is the only editor we know to adequately express denunciation of this shameful treatment. Keep the octopus out of Alberta.

Great Sale of Trunks
AT
Hudson's Bay Stores

For this Week we are offering a Carload of Trunks and Suit Cases at prices which have never been so low in this City before.

These goods we secured from the manufacturers during the slack season at very low prices. The benefit derived from this transaction is yours, for we offer them to you at the smallest margin of profit to ourselves. We must have the room now for Spring Goods.

We have a line of Trunks, very strongly made, at \$2.25, \$2.50, \$2.75, and \$3. Another lot we are offering at \$4.25, \$5.00, \$6.00, and \$7.50.

A very special line, extra strong, with heavy brass bands and corners, \$8.75, \$9.50, and \$10.00, according to size.

We are also clearing a quantity of Leather Suit Cases at prices ranging from \$6.00 to \$15.00.

Leather Hand Bags from \$2.25 to \$7.50.

Secure some of these before they are all gone. This is an opportunity that should not be missed.

CALGARY ASSIZES CLOSED

Calgary, Feb. 13.—With the exception of the case of Rexva Hunter charged with theft from the person, the criminal assizes closed yesterday.

Hunter case was adjourned until the 26th inst. owing to the absence of a Chinaman who is one of the material witnesses.

The first person to come before his Lordship was A. Lenz who is already serving a sentence for a previous conviction. He was charged with housebreaking and theft and had nothing to say on his own behalf.

He received a further sentence of six months' imprisonment at hard labor this sentence to run concurrently with the sentence he is already undergoing.

George Onuska, a Galician charged with theft of several pieces of property and personal effects from a hotel at Shagood was given two years at hard labor in the penitentiary. As he had no money to pay his costs, he was committed to the penitentiary.

Dr. Kameny a Chinaman charged with obtaining goods by false personation sentenced to six months at hard labor at the barracks. Before sentence was passed upon him Kameny made a plea for leniency.

In response to the customary question as to whether he had anything to say before sentence was passed he stood up in the prisoner's box and said: "I am innocent of the charge that has been laid against me."

Young man I would ask you to take these facts into consideration and be as lenient as possible. I have nothing to say further to you. He then sat down and exhibited no sign either of surprise or satisfaction when the sentence was pronounced.

News of the District

LAMONT

Last Thursday night the board of trade held its usual monthly meeting, with Mr. President, J. C. Smith, in the chair. The chief topic was a bill of business was transacted. As a number of things it would be advisable to have the government trunk telephone line come from Fort Saskatchewan by the shorter route instead of following the Victoria trail, the secretary of the board of trade was instructed to draw up a petition to present to the Provincial Government, stating that such should be done. The next item of business was discussed quite fully and the secretary of the board was instructed to write to our member, the Hon. Frank Oliver, asking him to present a petition to the government praying for the introduction of the C.O.D. system into our postal department. Those who are familiar with the workings of the system in the United States say that it will make the post much more efficient to the large commercial centers. Our post master is one who does his best to give the public a prompt and efficient service in so far as this part goes. He is in the mail because of the irregularity of the C. O. D. mail service there are times when he loses a good deal of sleep to get the mails in order to be sent without delay to St. Louis, Seattle and the intervening offices. The board considers that the postal system gives them poor enough service now without adding to the burden of the various postmasters without increasing their pay or their help. Another thing is that there is no reason in the department making those who pay for first class mail matter assist in enlarging the profits of departmental sales representatives.

Those present then resolved themselves into a committee to organize a fire department. All were unanimously in the belief that fire protection is a very necessary thing where buildings are grouped as they are here. A volunteer fire brigade was formed and Mr. Walker was elected chief with P. S. Millard as assistant. Ladders, buckets and the most modern of fire-fighting apparatus are to be procured. It is a step in the right direction.

It is said that the various threshing outfits working in the territory are hoarding up grain and have nearly a month's work ahead of them in the battery in Lamont have threshed 100,000 spring. Not much over 50,000 of this has been marketed and the railway is unable to furnish cars to carry it away. The elevator is full. This makes it quite hard for the farmers.

One firm here has a car of flour from St. Louis for a month or two from Saskatchewan. It had got that far from Edmonton. It is to be hoped that this winter weather will help the railway to move some of its overdue freight.

Smith and Torrie have succeeded in getting their car of coal after long waiting, and it was a very welcome relief to quite a number. It is a ton was their price to the consumer.

Mr. and Mrs. Meron, formerly of Edmonton, were visiting at Mr. P. S. Millard's. Miss Brown of Horse Hills was also a guest there. In their honor

a sleigh riding party was gotten up and driven to the house of Mr. John Wilson where a very pleasant evening was spent.

WHEN A NEWSDEALER HAD FAILED HE TRIED BILL-BAW

Now he has Dyanpa's No. Nine. "Because why people should not try this very thing which would do them good until last! Mr. Geo. La Parvina, of Mr. R. Paul St. Toronto, he's got different remedies for dyspepsia, heart-ache, and heartburn before he tried Bill-Baw. This is it. He said: 'I had heartburn, dyspepsia, all wind after food. The new remedy I took seemed to do me no good, and the pain I suffered was very acute. I tried six different remedies before Bill-Baw, but they did me no good. With Bill-Baw it was quite different. I found that it gives the stomach and the pain within a few hours and a short course resulted in a complete cure.'

In every country where they have been introduced, Bill-Baw have quickly taken first place because of their rapid and lasting power of indigestion, liver and kidney complaints, stomach, flatulency, constipation, piles, female ailments and irregular menstruation. It's real, all. Purely herbal and containing no alcohol they are an ideal family medicine. All doctors and druggists sell it. A box of 60 tablets cost for \$1.50.

NORTHWESTERN B. B. LEAGUE

Six Clubs on the Circuit—Vacationer Omitted—Bellingham Will be Given Some Games.

The circuit of the Northwestern Baseball League for this year was completed at a session of the league held at Seattle, Wash., last night.

The meeting was of the good old-fashioned New England style and the men got down to business without any useless formalities or creak.

Vancouver was admitted as the sixth team in the circuit. The league was reorganized by a general delegation, and they came down with the necessary money to back up their proposition, and Manager Evans deposited \$1000 with President Jones before the meeting was adjourned.

This made the circuit complete with the following teams: Seattle, Tacoma, Grays Harbor, Bell, Spokane, and Vancouver.

The Bellingham application was then taken up, and after a long discussion it was decided to grant that city a provisional franchise on terms which will be decided at the next meeting of the league this morning.

Bellingham is the intermediate point between Vancouver and Seattle, and at least a certain number of league games will be given the Bay City during the season.

Seattle Lake City and Helena applications were tabled, as it was felt that the time is not yet ripe for the admission of those cities to the circuit, which, as it is now formed, is one of the strongest in the west.

\$12,000 FOR WRESTLING TOUR

Will Would Last Eight Months—Offer Turned Down—Practice Matches and Then to Tackle Gosh

Seattle, Feb. 12.—Some men have to test and await to make money enough to go to the east, while others can make a good money, that is, the work—spurs, a bundle of money that would pay the salaries of United States Senator Filer for about half his term.

Yesterday Dr. Herndon, Franklin Rolter returned to accept a package containing \$12,000 in gold and United States currency, all he had to do to make the bundle of money his own was to sign a contract for eight months to wrestle anyone the man with the bundle of money asked.

A well-known sporting man came all the way to Seattle from Chicago with that bunch of money to get Rolter to go back and get in shape (tack) Gosh on the mat for the championship.

Rolter was offered the money flat for an eight months' contract. If his services. The money Rolter did not present a certified check. He had a square package that looked like a box of chopsticks. When he took the wrapper off, it proved to be \$12,000 currency.

Rolter fingered a bunch of those \$100-backed bills, each of them good for \$100, and he hesitated fully a minute before turning down the offer. Had the \$12,000 been in \$1 bills and brought to the doctor in a trunk, he might have taken it to the temptation.

The eastern man said that if Rolter accepted his terms would not be his agent, but Rolter right away. He would take him out and clean up all the wrestlers there. He said he would have no trouble getting matches and money for Rolter is not known as a wrestler back there. He said, the man who was a match from Gosh only to lose the championship to him again, a few weeks later, as on the list of the eastern man. He says Rolter can beat any man in the country right now, having Gosh and that he has an even thing with the champion.

The experienced Rolter would gain in six months' wrestling all comers, he said it is an absolute cinch that the Seattle man could defeat Gosh. He thinks so strong enough to put up his money, and he had it with him yesterday.

Medicine Hat has arranged games on the home trip with Wainwright and Calgary.

The Wainwright ladies team of Toronto beat the Waterloo ladies 8-5 at Waterloo on Tuesday.

FOOTBALL IN THE SOUTH TOWNS

Movement on Foot for the Formation of Big League of Association Teams Taking in All Southern Alberta and Crown West Centres.

Leathbridge, Alta., Feb. 14.—A movement is on foot for the formation of a large association football league this year, taking in about ten towns in the district. The towns are, Leathbridge, Taylor, and Pincher Creek, of last year's league and Fernie, Hinton, Cochrane, Frank, Haymont, Macleod, and Medicine Hat, with last year's players in the district league. Football is being talked up in all these places and the formation of the larger league seems assured.

Definite steps will be taken at the meeting of the district league here at the end of March. The League of Association has been formed to put up a hard argument with other league and other sports. The meeting will be held on Saturday night.

PROBABLY HEADED FOR EDMONTON

Edmonton, Ont., Feb. 12.—A bare knuckle prize fight took place in a barn in the town of Leathbridge, Alta., between Jimmie and George Drake, two fellows of the neighborhood, for a purse of forty dollars. The contest, however, made a sudden move and most of the spectators and several of the principals were taken into custody. They appeared before a magistrate here today and pleaded guilty. Drake, the loser, was fined twenty-five dollars and costs; A. Drake, the winner, was fined five dollars and costs. The magistrate was fined one hundred. Hinton managed to make his escape and is believed to be on the road to this town.

WILL MEET METZLER

I hereby accept the challenge of J. Metzler to play football here on Friday night, he to receive 150 points in a game of 40, for any state, money to be paid to Wm. Wickett, proprietor of the Seneca Cigar store.

READY FOR MULLINS

Tom Valler, Strathcona's well-known heavyweight, called at the Bulletin yesterday and announces that he is ready and willing to take on Mullins, the B. C. fighter, whose debt of \$1000 in Mullins' money he owes.

Valler is anxious to meet the crack scrapper and will accept any division of the gate money or not, a good deal of bet in order to get a match on, and will meet him on any night, Monday or Tuesday, but will take on any boxer who desires to meet him, within the next thirty days.
